About the Author

Shawn is the author of young adult adventure stories, science fiction, fantasy, and good old-fashioned mysteries. He shot to fame when a TikTok video of him selling his debut Young Adult book went viral, and has since become a worldwide best-selling author with Leigh Howard and the Ghosts of Simmons-Pierce Manor.

First Writing Experience

Adventure. Excitement. Jedi Master Yoda might give those things a derisive sneer, but I love them. The first books I remember reading were the adventures of a horse named Blaze and his youthful owner, Billy, written and illustrated by Clarence William Anderson in the mid-1930's. Billy and Blaze always found themselves in the middle of some crisis and with courage and heroics, never failed to save the day. Hooked, I tried to write adventure stories of my own. I was between four and six.
